

210 Winnersh Triangle project was a CAT A fit-out instructed by the buildings landlord to restore and refurbish to include a bespoke ceiling feature and floating rafts.

Profixed were awarded the internal walls, partitioning and drywall, suspended feature bespoke ceilings and all associated works. Profixed's fulfilled their works in line with the requirements of the BREEAM scheme. This involved obtaining and reporting on various certification from our supply chain's sustainability and their chain of custody.
